My Deepest condolences goes out to the entire Strba family. Paul will be missed. He always took me under his wing as a UAW representative asking me for my input on projects and being sure I receive as much training as possible to be the best representative I can be. He was a great guy!

I share your sorrows, Paul was a close friend of mine for a long time. We shared the same birthday, and talked about a lot of stuff, worked together, worked out when we could. Kept in touch all the time. 2 weeks ago he said he had 5 weeks to live, his passing came so soon. I will always remember him, and my prayers will be for his family, looking forward to seeing him again in heaven. Most sincerely, Duane Wall

Paul was actually responsible for us getting the home we have been in since 1987! A good friend and great human being. I enjoyed our conversations from back in the 70's at the Casting Plant all the way to the present. He will be surely missed! Blessings and may God's hand of comfort be with all the family.

Paul and I worked together on many occasions when problems would arise with employees. He showed professionalism in all cases. Remember him as a Committeeman, Building Chairman but I retired before he was elected President of Local 1250. A great man, friend and co-worker. You will be missed my friend by many.
