Robert and I shared a laboratory when I first went to work at BF Goodrich in 1975. He was quite a character and helped maintain a lively atmosphere. He was an excellent bowler. I was there bowling against his team when he bowled a 300 game in the second frame. In the third game, he opened with six straight strikes. Everyone was cheering him on to another 300 game, but he started to worry that we were jinxing him even though we weren't. He got a couple more strikes and only worried the more. What ever happened, his team beat our team that night.

You have our deepest condolences on Bob's passing. He was such an engaging person who was knowledgeable about many topics and always curious to learn about new things. He was also a very caring person who gave freely. We are fortunate to have known him for so many years. May he rest in peace. Mandy Kachur & Doug Wathen (friends)
