Will miss him....was a great work friend during 1990-2000.

**Steve Dudas** December 12 at 2:25 PM  
Beautiful job. Great pictures, great memories. Steve Dudas, cousin.

**Brad C.** lit a candle in honor of Alan.

I worked with Alan during the decade of 1990-2000 at Siemens Medical Systems as a technician in the Microwave Physics dept....He was a great guy and my best friend there. I learned some amazing things from him, setting up experiments in the lab and running tests with him. When I first met him after being hired, I remember a sign he had up on the outside of his cubicle that said in big letters "Ahhh....if only EVERY day could be a Monday", with flowers all around it...hilarious humour he had and was my best friend there...condolences to all.Brad C. 3/21/2025

I remember our visit of a year and a half ago and catching up on old times and memories. I enjoyed it so much! I was excited to learn he was moving back home and we could get together more often. Now he is in a better place in God's hands. Love and prayers Alan

Alan was a high school buddy and also came to church with me, which is mostly where we spent time together. Alan was an all-around great guy with a good sense of humor. We reconnected when Karen passed in 2015 and he moved back to CLE. We enjoyed reminiscing about high school days over lunch and sharing plans for the future. I admired that he wanted to mentor students at his alma mater. Alan had a true love for God and a desire to make a difference for good in our world. I am pleased to call Alan a friend, and I believe God is pleased to call him a friend -- and a son -- as well.
