We've knew Bill since 2006 when he joined the Olmsted Historical Society. He was such a talented person especially with carpentry. Before we had toilets we used porta-potties. One day I was driving down there and backed up and hit the blue port potty. No one was around so I took off. Thinking no one knew or saw anything I went home. A few days later I saw Bill and he gave me a painted white miniature wooden toilet with a half-moon on the door with my name on it. He just couldn't help himself and was laughing his head off. That's the Bill I remember. He was kind, thoughtful and would do anything he could to help you. Bill will be greatly missed by everyone. Our condolences to His family.
