Patty first came into my life 32 years ago as my boss and then into my heart as a good friend. Over the years we have cried together and laughed together. She had a way of showing me both sides to a story. Her glass was always half full and mine was always half empty. She was such a good friend to me and many. I could always count on her in so many ways. Anyone who knew her loved her. She gave the best hugs they came from her heart. She had a heart of gold. Heaven received a precious angel and I know she will be watching over all of us. I will miss her so.....her love , advice, friendship.....the list goes on.....Lots of love, thoughts and prayers to her beautiful family that she loved so much.....Her forever friend,Karin Cerny
