My children and I use to live across the street from John & MaryKay. John always sat at the kitchen table next to the window and kept an eye out for everyone ❤️ John and MaryKay took my children under their wing as if they were apart of them and I can't thank them enough for showing kindness & love to them always ❤️ John always talked about the services he was in for our country, he shared stories of going to Las Vegas Strip and how much he loved going and most of all always shared stories of him and his family and how much he loved them. You sure will be missed but thought & talked of daily 👤❤️👤
