Just under 38 years ago Sheila May Whiteley came to work at our family business. From the very first day, she displayed traits that employers like, such as being a really hard worker, honesty, natural leadership, and dediction beyond belief. I never heard her complain. Her enthusiasm was contagious, and our company had great growth, much of which could be traced directly to Sheila. However, Sheila was more than that. She was a beautiful person inside and out. A witty personality that was appreciated in both good and tough times. Speaking for her work family, our collective hearts are broken. The love of Sheila is real and ever lasting. Fond memories of her will be with us forever. What a truly wonderful person!Dave and Danielle, thank you for sharing her with us. May God help you and comfort you now and forever.John and Jamie Hastings
