## **Sara Mae Davis**

NOV 20, 1990 - APR 3, 2026

**S**ara Mae Davis, 35, passed away on April 3, 2026, leaving behind a world that feels immeasurably heavier without her light.

She was born on November 20, 1990, to Jan and Jim Hemer, who deeply loved and cherished her, profoundly valued her, and forever held her close in their hearts.

Sara is survived by her husband, Darnell Davis, Jr., with whom she shared a meaningful chapter of her life. She leaves behind her children, Devynn Sharp, Caleb Sharp, and Dallas Sharp, who were the center of her universe and the source of her greatest joy. She also leaves her stepson, Tyler Davis, who held a meaningful place in her life. Her siblings, Ashley and Jessica (Cory), will forever carry her memory forward, as will the many nieces and nephews who adored their Auntie Sara. She also leaves the father of her children and friend, Darrell Sharp, Jr., with whom she shared a strong and committed co-parenting partnership built on mutual respect and devotion to their kids.

To know Sara was to know someone who loved fiercely, laughed fully, and gave endlessly. Her children were her heartbeat, her purpose, and her pride. There is no measure for the void left in their lives and in the lives of all who knew her. To say she will be missed is an understatement, her absence is felt in every corner she once brightened.

Sara's story does not end here. It continues in the lives she shaped, the love she poured into her family, and the memories that will be held tightly by all who were fortunate enough to share even a small piece of her journey. May her memory be a blessing, today and always.

It has taken a while to post this, I am so so sorry for your loss. I remember her from church at 7 Hill UMC. A bright, beautiful light who loved Jesus. She was an example to my girls and to me.

I worked alongside Sara in recent years and her passing has left me speechless. She left a lasting impression of kindness on me, and it was clear her children were her world. She shared many stories of basketball games, family vacation adventures, how fast they were growing, and the joys of motherhood. Sara always wore a big smile, her warmth was tangible and I'll miss her. I wish her family healing, love and comfort for years to come.

I worked with Sara throughout our careers in a couple of different business groups at Progressive. She was always smiling, sharing stories about her children, and always happy to help anyone who needed it. We would often talk about her nails, how great they looked, and how she did them herself. Our last day in the office she shared how Dallas now wanted her nails painted and I laughed saying well she is your mini. You will be missed greatly Sara and it is hard to believe you are gone. I know you will be watching over your family and babies as I had the pleasure of listening to you share stories about them over the last decade. Prayers to everyone who knew Sara and hugs to her family, may the memories you had with her live on forever.

I remember Sara from the days at seven hills Methodist church. She had such a beautiful light to her that I will never forget, and hair style that changed weekly! (I always thought she was so cool) Sara and Jessica always gave my sisters and I the biggest hug when they saw us at church. They always made me feel like their "younger sis". My condolences are with all of you during this hard time. -Kalie Simonelli

Oh Sara. I just got the news. My hearts broken. You were my absolute best friend from third grade on. We fell out of contact here and there after Graduation, but still would check in. I have so many memories with you. We spent every moment we could together. My childhood memories are All shaped because of you. We were a team. Inseparable. I hope you know you were always the sister I never had. I will always have love for you. Watch out for the family up there. Love you always.

I don't remember a time without Sara. Now that she is gone it feels like a piece of me is missing. I will cherish every memory of my baby sister. Though her light has dimmed it has not gone out. It lives in her children and all the people she touched. I love you lots Sara Mae.

Sara was one of my first friends on one of my first teams working at Progressive. We shared many laughs, encouragements, and tips for getting through the day. She was a bright spot to everyone she met. We moved together to another department and continued our friendship over the years. She was kind, down-to-earth, creative and fun. She loved her children with everything in her and often shared about how they were making her smile. She cared deeply for others in her family, church, and workplace. She made a difference everywhere she went. The news of her passing is heartbreaking and I know it reaches many. Prayers for her children, family, and friends during this time. May her memories and kindness live on. She would want everyone she loved to continue finding joy in each other, in fun colors, and in the work they do. Love you, Sara, all my life.

We are all devastated by the news of Sara's passing. We started working together in the Progressive Underwriting department over a decade ago. She was such a bright, beautiful, and creative soul, and I looked forward to seeing what she would do with her hair and nails. She fiercely loved her children and was so proud of them. My heart goes out to her children and family. She was the kind of mother worth missing. One that will linger in your soul long after she is gone. May the beautiful memories you shared get you through this most difficult time. ~ Barbara Fitzpatrick
